1. Most teachers count finals as 20% of the semester grade. Therefore students should study accordingly.
2. Students are required to be on campus only during periods when they are scheduled to take an exam. Students who are on campus, but do not have an exam must be in the designated study hall. Students may not go to their lockers or hang out anywhere on campus or the parking lot during exams.
3. Students must remain in the classroom for the full 120 minutes and should bring something to class to read or work on if they finish the exam early.
4. The Elementary and Middle schools will be having regular classes during exams. Please avoid excessive noise both during and after exams are in session.
5. Students should arrange for a ride home when their scheduled exams are completed each day. All students should be off campus by 1:00.
6. The purpose of having half-days during exams is to allow sufficient time for students to prepare for their finals. It is not meant to be recreational time for students. Parents, please encourage your student to use this extra time to study.
