

Hello Everyone,

Good Morning, we got off to a great start with our SAT Testing. Thank you to Mrs. Friesen and Mrs. Bigay for help with proctoring! Also, thank you to the moms involved, for being flexible with our schedule changes, testing procedures and practices, and all the other bumps along the way! I hope your children weren't too traumatized, I tried to make everything as "low key" as possible.

As we are nearing the end of this school year, I was thinking about what an enjoyable year we've had with field trips, parties, convalescent ministry, and park days. How about you? There are a few trips coming up, and we will keep you updated on those, but here are some of my reminders...

Blessings, Sue
