Re-Enrollment Information for 2011-2012

Dear Parents,

We are near the half-way point of the current school year and are already planning for the 2011-2012 school year. Our annual January re-enrollment helps both our current families and the school: current families have priority and can secure a place in the classroom; the school uses the data to plan room assignments, project class sizes, make schedules, and determine staff arrangements.

To secure a place at CCCS next school year, please return the attached **re-enrollment forms** with a re-enrollment fee of \$275 per family by **January 31, 2011**. The re-enrollment fee will increase to \$425 per family after January 31, the same day we open enrollment to the public. We encourage you to re-enroll before January 31 to insure a place for your child(ren) and to take advantage of the lower fee. The process for setting tuition rates has begun and rates will be published as soon as they have been set.

Our **referral program** is one easy way to reduce your tuition costs. Here's how it works: For each family that you refer to the school, you will receive a credit of one month's tuition (to a maximum of \$400 per month). For example, if you referred three families who enrolled and stayed through December 2011, you would receive three months of credit (up to \$1200). Credits begin to be awarded in February of 2012. We invite you to spread the good news about our school to Christian families, friends and neighbors. Information packets are available in the office for you to distribute.

Financial Assistance requests may be made at the time you re-enroll. You may apply on-line at www.factstuitionaid.com. Limited funds are allocated, according to need, in March so we encourage you to make your requests early.

On behalf of the board, teachers, staff, and administrators we want to thank you for the privilege of partnering with you in the education of your child(ren) this year. We look forward to a continuing relationship with you in the school year to come.

In His service,

B.J. Huizenga
Superintendent
