Contra Costa Christian Middle & High Schools
Summer Reading

Summer Reading Log

The CCC summer reading program is completely voluntary. Students may select books from the summer reading lists provided by their teacher. Students should record the books and number of pages read on the sheet below. Parents/guardians must verify that students have read the pages by signing their signature in the space provided. At the start of the new school year, students who participated in the summer reading program will be rewarded with a party in early September. Students who wish to read a book not on the teacher-sponsored list should contact their teacher (to avoid reading books that may be taught during the school year).

Book Title	**Date**	**Number of pages read**	**Signature**
